Interest Calculation	Truist One Checking is not an interest-bearing account	Truist Confidence Account is not an interest-bearing account
Additional Information	• Truist One Checking is a multi-level⁹ checking account based on your balance relationship level. The Truist One Checking levels are: Level 1: \$0 - \$9,999.99; Level 2: \$10,000 - \$24,999.99; Level 3: \$25,000 – \$49,999.99; Level 4: \$50,000 - \$99,999.99; Level Premier¹⁰: \$100,000 or more. • Relationship Pricing: The Truist One Checking account is eligible for additional related³ Truist One Checking and or Truist One Savings Account(s) with no monthly maintenance fee based on the following levels: Level 1: One (1) savings account; Level 2: One (1) checking account and one (1) savings account; Level 3: Two (2) checking accounts and one (1) savings account; Level 4: Three (3) checking accounts and one (1) savings account; Level Premier: Unlimited checking accounts and savings accounts. The monthly maintenance fee waiver and any other associated benefits can take up to two (2) business days to take effect. • All Truist One Checking account levels will receive a \$25 Annual Fee Discount on any size safe deposit box, subject to availability.	• Beginning October 2026 After one (1) year, your Confidence Banking account(s) will be reviewed to determine eligibility for account upgrades based on factors that may include account status, tenure, and activity, including overdraft activity. If eligible, you will receive an email notification. Eligibility is determined at the bank's discretion and may change at any time.

¹ Direct Deposit: A qualifying Direct Deposit is an electronic credit via ACH deposited to your account during the current statement cycle. Pre-authorized transfers made from one account to another or deposits made via a branch, ATM, online transfer, mobile device, debit card/prepaid card number or the mail are not eligible to meet this requirement.

² Total Combined Ledger Balance: The sum of the actual balances of all your Truist related accounts across personal deposit accounts (checking, savings, money market, CD, or IRA), and brokerage accounts introduced through Truist Investment Services, Inc. (TIS) including TIS accounts managed by Truist Advisory Services, Inc., as reflected on the business day before your statement cycle end date (the actual balance in your account does not reflect any holds or pending transactions). Truist HSA is excluded from Total Combined Ledger Balance.

³ Related Accounts: Related accounts automatically include all applicable accounts associated with primary and secondary account owners.

⁴ Linked Small Business Checking Account: Eligible Small Business account types to be linked include: Truist Dynamic Business Checking, Business Interest Checking, Simple Business Checking and Business Value 200.

⁵ Monthly Maintenance Fee (MMF): The waiver for a student requires they are listed as the primary account owner and they provide their anticipated graduation date. The waiver expires on the provided graduation date. On this date, the account is subject to the Monthly Maintenance Fee unless at least one waiver criterion is satisfied.

⁶ Monthly Maintenance Fee (MMF): The waiver expires on the 25th birthday of the primary account owner.

⁷ Qualifying transactions are these specific debits to your account: ATM withdrawals, ATM payments, ATM transfers, Debit Card payments (one time and recurring), Debit Card purchase transactions including PIN Point of Sale (POS), Debit Card signature-based purchases, and Zelle® payments. These transactions must be posted to your account during the statement cycle. Bank fees are not included.

⁸ Paperless Online Statement: Electronic/Online Statement provided through Online Banking each statement cycle. Truist Online and Mobile Banking is required to access Paperless Online Statements. Manage your Paperless Preferences with your Truist Online and Mobile Banking account.

⁹ Truist One Checking Levels: Most Truist One Checking accounts start in Level 1 upon account opening and can begin increasing Levels following the first month. Truist One Checking levels are determined by the balance in your Truist One Portfolio ("Portfolio"). Your Portfolio includes all eligible Truist consumer deposit balances in your checking accounts, savings (excluding Truist HSA), Certificates of Deposit, IRAs and/or all investments through Truist Investments Services, Inc. where you are the primary or secondary account owner. For each of your accounts used in the Portfolio, we use the monthly average ledger balance. We then take the sum of all of these accounts to determine the Portfolio balance for the month. Each month, your Level is based on the highest Portfolio value of the three previous months. **Note:** Accounts that are opened with a company ID code through a company sponsored Financial Wellness program start at Level 2; Clients identified as Premier and Wealth start at Level Premier. **Note:** Truist Dynamic Business Checking linkage will be checked on the 2nd business day of the month when levels are calculated. If clients have a linked Dynamic Business Checking account, they will be granted Level Premier.

¹⁰ Truist Premier and Truist Wealth Relationship Requirements: **Truist Premier Relationship Requirements:** To be eligible for Truist Premier, clients need to have a monthly average of \$100,000 or more in qualifying personal deposit and/or investment assets for three consecutive months. Eligibility is reviewed annually. Clients who have a qualifying personal deposit and/or investment assets of \$250,000 or more, are eligible for access to a dedicated Premier Advisor for personalized comprehensive financial planning and support. Truist Premier benefits are subject to bank policies, relationship review, and ongoing balance requirements, and may change at any time. **Truist Wealth Relationship Requirements:** \$1,000,000 of personal qualified investment assets at Truist or qualification for Specialty Wealth Medical, Legal, Sports & Entertainment, or International criteria.

Truist Overdraft Decision Notice

This Notice is only applicable for consumer deposit accounts.

Note: This Notice does not apply to Truist One and Truist Confidence Deposit Accounts

What You Need to Know about Overdrafts and Overdraft Fees

An overdraft occurs when you do not have enough money (available balance¹) in your account to cover a transaction, but the bank pays it as a courtesy. Truist can cover your overdrafts in two different ways:

1. We have standard overdraft practices that come with your account.
2. We also offer Overdraft Protection plans, such as a link to a savings, money market, or another checking account, line of credit, or credit card, which may be less expensive than our standard overdraft practices.

The remainder of this notice explains our standard overdraft practices.

What are the standard overdraft practices that come with my account?

Unless you request this specific Overdraft Coverage service, Truist will not be allowed to pay overdrafts and assess a fee for:

- **ATM Transactions**
- **Everyday debit card transactions² (also known as one-time debit card transactions)**

Your request allows Truist to consider paying the overdraft for which you will incur a fee, if applicable. This is your choice. If you do not request this service, or if Truist chooses not to authorize the overdraft, your transaction will be declined.

The following types of transactions are not affected by your request. We may authorize and pay overdrafts on these transactions and fees may be incurred.

- **Checks and other transactions made using your checking account number**
- **Automatic Bill Payments**

Truist pays overdrafts at its discretion, which means that we do not guarantee that we will always authorize and pay any type of transaction. If we do not authorize and pay an overdraft, your transaction will be declined or returned.

What fees will I be charged if Truist pays my overdraft?

Under Truist's Overdraft Coverage service:

- Truist will charge you an Overdraft Fee, if applicable, of \$36 each time we pay an overdraft on your behalf.
- Truist limits the total number of Overdraft Fees to three (3) per day.
- **Truist will waive overdraft item fees for transactions that are less than \$5.00.**

The Overdraft Fee does not apply to Truist Marquee Checking and Truist Wealth Money Market accounts.

How do I change my decision for Overdraft Coverage?

To change your Overdraft Coverage decision at any time, you may submit a request in one of the following ways:

- **Log in to Truist Mobile** - Select the applicable account, tap on ellipses, select Overdraft options, scroll down and see Overdraft Coverage – select on or off to make your Overdraft Coverage decision
- **Log in to online banking at Truist.com** - Select the applicable account, click More, click Overdraft options, and go to Manage Overdraft Coverage to make your Overdraft Coverage decision
- **Call 844-4TRUIST** - For touch-tone users, choose options 1, 6 and follow the prompts, or if you're using speech, simply say "Overdraft Coverage"

Your decision will be effective the next business day. Your decision will be effective until you make another decision for this account.

If you do not request Overdraft Coverage, we will automatically decline all of your ATM transactions and everyday debit card transactions that would overdraw your account.

¹ Your available balance is the money in your checking or savings account that is currently available to you to make purchases, withdrawals, etc. It reflects any processed and pending transactions, as well as any holds. For more information about how your available balance is calculated and when/how Overdraft Fees may be assessed, please visit [Truist.com/thefacts](https://truist.com/thefacts).

² We rely on transaction coding sent to us by the merchant or other third-party to determine whether your debit card transaction is one-time or recurring, which affects whether or not we would authorize these transactions at our discretion and whether fees may be assessed.
